

Additions and Corrections to the Forty-Fifty Edition of the Standard of Perfection

Weight Omissions

PAGE 16 – SIZE AND WEIGHT

#2. Applying Disqualifications: Disqualifying weights for adult specimens shall apply at all times but do allowance should be made for decreased weights in adult birds in the molt during late summer and fall season. Disqualifying weights for young specimens shall not apply until December 1st.

PAGE 22 – GENERAL DISQUALIFICATIONS – WEIGHTS

Weight is a breed characteristic. Any bird (except Beltsville Small White Turkeys) that deviates more than 20% either up or down from the weight listed for its' breed, sex, and age should be disqualified. Example – in a bird with a standard weight of 5 pounds, a range of 4 to 6 pounds is within the scope of “the standard weight”. This rule applies to all large fowl, bantams, ducks, geese, Guinea Fowl, and Turkeys (except Beltsville Small Whites).

Splash Ameraucana Large Fowl

Admitted November 12, 2023, Columbus, Ohio

Standard shape requirements the same as for the breed description of Large Fowl Ameraucanas.

COLOR – MALE

COMB, FACE, AND EAR-LOBES: Red.

BEAK: Horn to black.

EYES: Reddish bay.

BEARD AND MUFFS: White to sooty white with blue splashes

HEAD: Blue and white with a faint bluish-gray tinge.

NECK: Hackle – Blue and white with a faint bluish-gray tinge.

Front of Neck – sooty white with blue splashes.

BACK: Blue and white with a faint bluish-gray tinge.

Saddle – Blue and white with a faint bluish-gray tinge.

TAIL: Sooty white with blue splashes.

WINGS, INCLUDING WING FRONTS, SHOULDERS, WING BOWS AND COVERTS: Sooty white with blue splashes.

Primaries – sooty white with blue splashes.

Secondaries – sooty white with blue splashes.

BREAST: Sooty white with blue splashes.

BODY AND STERN: Sooty white with blue splashes.

LEGS AND TOES:

Lower Thighs – Sooty White with blue splashes.

Shanks and Toes: Bluish slate, bottoms of feet and toes white.

COLOR – FEMALE

COMB, FACE, WATTLES AND EAR-LOBES: Very pale, matching color of the skin.

BEAK: Horn to black.

EYES: Reddish bay.

BEARD AND MUFFS: White to sooty white with blue splashes.

HEAD: Sooty white with blue splashes.

NECK: Sooty white with blue splashes.

BACK: Sooty white with blue splashes.

TAIL: Sooty white with blue splashes.

WINGS, INCLUDING WING FRONTS, SHOULDERS, WING BOWS AND COVERTS: Sooty white with blue splashes.

Primaries – Sooty white with blue splashes.

Secondaries – Sooty white with blue splashes.

BREAST: Sooty white with blue splashes.

BODY AND STERN: Sooty white with blue splashes.

LEGS AND TOES: Lower Thighs - Sooty white with blue splashes.

Shanks and Toes: Bluish slate, bottoms of feet and toes white.

DISQUALIFICATIONS

Any appearance of rust in plumage. More than 50% blue in the plumage. (See General Disqualifications and Cutting for Defects).

GENERAL INFORMATION CORRECTIONS

PAGE 2 - PROTESTS & COMPLAINTS: Board adopted new wording that reflects the person making the protest must be an APA member and increases the fee to \$250.00.

PAGES 6-15 - GLOSSARY OF TECHNICAL Terms: Figures 25, 26, & 27 are on page 35. Figures 37 and 39 are on page 37. Figures 41 & 46 is on page 38. Figures 59 and 60 are on page 40.

PAGE 28 - DESCRIPTION OF COMMON PLUMAGE COLOR AND COLOR PATTERNS: SELF BLUE – MALE AND FEMALE: (Page 28) In all sections preference to be given to a medium shade of clear blue, free from lacing, shafting, mealiness and messiness, with no contrast in color between any of the sections, a harmonious blending of all sections desired; the male sex feathers of hackle, back, saddle, and wing-bows carrying a metallic gloss of the same basic hue of the general plumage, free from green, purple, or bronze sheen.

PAGE 49 - LANDFOWL GENERAL SCALE OF POINTS - #6 Skull and face – total 4, White Shape 3 – White Color 1.

PAGE 24 – DESCRIPTION OF COMMON COLOR PATTERNS – BARRED – MALE AND FEMALE: Add at the end of the section: *Note – The barred color pattern as it is expressed in the Barred Plymouth Rock is due to a sex-linked gene. Therefore, the male carries two of the genes and the female one. This accounts for the slightly lighter overall appearance of the male.*

AMERICAN CLASS

PAGE 50 - YEAR ADMITTED TO THE STANDARD: Dominique – 1874, White Jersey Giants – 1947.

PAGE 51 – BUCKEYES – SHAPE – MALE – EYES: Remove *round*.

PAGE 51 – BUCKEYES – SHAPE – MALE – EAR-LOBES: Remove *oval*.

PAGE 51 – BUCKEYES – SHAPE – MALE – TAIL: Remove *fairly well spread*.

PAGE 51 – BUCKEYES – SHAPE – MALE – MAIN SICKLES: Add , *sufficiently abundant to cover stiff feathers*.

PAGE 51 – BUCKEYES – SHAPE – MALE – WINGS: Remove *carried without drooping*.

PAGE 52 – BUCKEYES – SHAPE – FEMALE – EYES: Remove *round*.

PAGE 52 – BUCKEYES – SHAPE – FEMALE – EAR-LOBES: Remove *oval*.

PAGE 52 - BUCKEYES – SHAPE – FEMALE – TAIL: Tail angle should be 30 degrees above horizontal, figures 1 and 2 are on page 30.

PAGE 52 – BUCKEYES – SHAPE – WINGS: Remove *carried without drooping* and add *fronts covered by breast feathers, points by saddle feathers*.

PAGE 52 - BUCKEYES – COLOR – MALE AND FEMALE – PLUMAGE: General surface color an even shade of rich mahogany bay in all sections, with the exception that the unexposed primaries and secondaries and the main tail may contain black. Male sickles and covers should be shaded bay and black, thus avoiding sharp contrast between body and tail.

PAGE 53 – CHANTECLERS – SHAPE – MALE – BACK: Remove *sloping slightly downward toward rear*.

PAGE 53 – CHANTECLERS – SHAPE – MALE – TAIL: Replace *spread* with *well-shaped*.

PAGE 53 – CHANTECLERS – SHAPE – MALE – LESSER SICKLES AND COVERTS: Remove entire section.

PAGE 53 – CHANTECLERS – SHAPE – MALE – BREAST: Remove *moderately*.

PAGE 53 - CHANTECLERS – SHAPE – MALE AND FEMALE – FLUFF: Moderately full.

PAGE 53 – CHANTECLERS – SHAPE – FEMALE – WATTLES: Replace with *Small, rounded*.

PAGE 53 – CHANTECLERS – SHAPE – FEMALE – EAR-LOBES: Replace with *Medium in size*.

PAGE 53 – CHANTECLERS – SHAPE – FEMALE – TAIL: Figures 1 and 2 are on page 30, remove section labeled *MAIN TAIL*.

PAGE 53 – CHANTECLERS – SHAPE – FEMALE – WINGS: Replace with: *Rather small, well-folded, of medium length, carried nearly horizontally, fronts well covered by breast feathers*.

PAGE 53 - PARTRIDGE CHANTECLERS: Remove specific disqualifications listed.

PAGE 53 - PARTRIDGE CHANTECLERS – COLOR – MALE AND FEMALE – PLUMAGE: See “Partridge” on pages 27 & 28.

PAGE 55 – DELAWARE – SHAPE – MALE – SADDLE: Remove entire section.

PAGE 55 - DELAWARE – SHAPE – MALE – SHANKS: Replace *stout* with *smooth*.

PAGE 55 - DELAWARE – SHAPE – FEMALE – WATTLES: Medium size, well developed, well rounded.

PAGE 55 – DELAWARE – SHAPE – FEMALE – BEAK: Remove *Strong*.

PAGE 56 - DELAWARE – SHAPE – FEMALE – LOWER THIGHS – Medium length, well feathered, stout.

PAGE 55 DELAWARE – SHAPE – FEMALE – SHANKS: Replace *stout* with *smooth*.

PAGE 57 – DOMINIQUE – SHAPE – MALE – COMB: Remove *medium size*.

PAGE 57 – DOMINIQUE – SHAPE – MALE – EYES: Remove *round*.

PAGE 57 – DOMINIQUE – SHAPE – MALE – HACKLE: Remove *flowing well over shoulders*.

PAGE 57 – DOMINIQUE – SHAPE – MALE – SADDLE: Remove entire section.

PAGE 57 – DOMINIQUE – SHAPE – MALE – MAIN SICKLES: Remove *broad*.

PAGE 57 – DOMINIQUE – SHAPE – MALE – WINGS: Replace *fronts* with *wing bows*.

PAGE 58 – DOMINIQUE – SHAPE – FEMALE – COMB: Replace section with *Rose, similar to that of male, but smaller*.

PAGE 58 – DOMINIQUE – SHAPE – FEMALE – EYES: Remove *round*.

PAGE 58 – DOMINIQUE – SHAPE – FEMALE – HEAD: Remove *carried well up*.

PAGE 58 – DOMINIQUE – SHAPE – FEMALE – BACK: Remove *sweep from the neck to the tail*.

PAGE 58 – HOLLANDS – INTRODUCTORY PARAGRAPH; Replace *In 1934, a breeder in Iowa crossed with In 1934, progeny from previous matings of fowls imported from Holland crossed with*.

PAE 58 – HOLLANDS – MALE – COMB: Remove ; *blade inclining slightly downwards, but not following the contour too closely*.

PAGE 58 – HOLLANDS – SHAPE – MALE – COMB: Remove *oval*.

PAGE 58 – HOLLANDS – SHAPE – MALE – BACK: Remove *curving sharply into tail*.

PAGE 58 – HOLLANDS – SHAPE – MALE – MAIN SICKLES: Remove entire section.

PAGE 58 – HOLLANDS – SHAPE – MALE – LESSER SICKLES AND COVERTS: Remove entire section.

PAGE 58 – HOLLANDS – SHAPE – MALE – PRIMARIES AND SECONDARIES: Remove entire section.

PAGE 59 – HOLLANDS – SHAPE – FEMALE – COMB: Replace *topped* with *turned*.

PAGE 59 – HOLLANDS – SHAPE – FEMALE – COMB: Remove *oval*.

PAGE 59 – HOLLANDS – SHAPE – FEMALE – BACK: Replace entire section with *Medium length, broad, nearly horizontal; tail well covered*.

PAGE 59- HOLLANDS – SHAPE – FEMALE – PRIMARIES AND SECONDARIES: Remove entire section.

PAGE 60 – JAVAS – SHAPE – MALE – COMB: Remove *blade inclined slightly downward following the contour of the skull;*

PAGE 60 – JAVAS – SHAPE – MALE – EYES: Remove *round*.

PAGE 60 – JAVAS – SHAPE – MALE – HACKLE: Remove *flowing well over shoulders*.

PAGE 60 – JAVAS – SHAPE – MALE – LESSER SICKLES AND COVERTS: Remove entire section.

PAGE 60 – JAVAS – SHAPE – MALE – SHANKS: Add *stout in bone*.

PAGE 60 – JAVAS – SHAPE – FEMALE – EYES: Remove *round*.

PAGE 60 – JAVAS – SHAPE – FEMALE – EAR-LOBES: Remove *round*.

PAGE 60 – JAVAS – SHAPE – FEMALE – SHANKS: Add *stout in bone*.

PAGE 62 – MOTTLED JAVAS – COLOR – MALE AND FEMALE: Add section: *UNDERCOLOR IN ALL SECTIONS – SLATE*.

PAGE 62 – JERSEY GIANTS – INTRODUCTORY PARAGRAPH: Add Langshans. *In recent years Cornish blood was introduced in some strains. As their name*

PAGE 62 – JERSEY GIANTS – SHAPE – MALE – HACKLE: Remove entire section.

PAGE 62 – JERSEY GIANTS – SHAPE – MALE – SHANKS: Add *stout in bone*.

PAGE 62 – JERSEY GIANTS – SHAPE – FEMALE – EAR-LOBES: Add *stout oblong*.

PAGE 62 – JERSEY GIANTS – SHAPE – FEMALE – SHANKS: Add *stout in bone*.

PAGE 63 - BLACK JERSEY GIANTS – COLOR – MALE AND FEMALE – SHANKS AND TOES: Nearly black, with a tendency towards willow, black preferred; bottoms of feet yellow.

PAGE 64 – BLUE JERSEY GIANTS – COLOR – MALE AND FEMALE – EYES: Replace with *Dark brown approaching black*.

PAGE 65 – LAMONAS – SHAPE – MALE – EYES: Remove *round*.

PAGE 65 – LAMONAS – SHAPE – MALE – EAR-LOBES: Remove *oblong*.

PAGE 65 – LAMONAS – SHAPE – MALE – MAIN SICKLES: Remove entire section.

PAGE 65 – LAMONAS – SHAPE – MALE – BREAST: Replace with *Broad, deep, full, well-rounded and carried well forward.*

PAGE 66 – LAMONAS – SHAPE – MALE – SHANKS: Add *stout.*

PAGE 66 – LAMONAS – SHAPE – FEMALE – EYES: Remove *round.*

PAGE 66 – LAMONAS – SHAPE – FEMALE – EAR-LOBES: Replace with *Medium length and size in proportion to the wattles.*

PAGE 66 – LAMONAS – SHAPE – FEMALE – WINGS: Remove *carried without drooping.*

PAGE 66 – LAMONAS – SHAPE – FEMALE – BREAST: Replace with *Broad, deep, well-rounded, carried well forward.*

PAGE 67 – NEW HAMPSHIRE – SHAPE – MALE – EYES: Remove *round.*

PAGE 67 – NEW HAMPSHIRE – SHAPE – MALE – SADDLE: Remove entire section.

PAGES 67 & 68 – NEW HAMPSHIRE – SHAPE – MALE AND FEMALE – PLUMAGE: Add at the end of each gender this section and *Feather character of broad firm structure, overlapping well and fitting tightly to body.*

PAGE 67 – NEW HAMPSHIRE – SHAPE – FEMALE – COMB: Add (*Lopped comb permitted in New Hampshire females, page 22.*)

PAGE 67 – NEW HAMPSHIRE – SHAPE – FEMALE – EYES: Remove *round.*

PAGES 67-6868 – NEW HAMPSHIRE – SHAPE – FEMALE – PRIMARIES AND SECONDARIES: Add *Primary coverts, black, edged with medium red.*

PAGE 68 – NEW HAMPSHIRE – SHAPE – FEMALE – LOWER THIGHS: Replace with *Medium length, closely feathered, smooth.*

PAGE 71 – BLUE PLYMOUTH ROCKS – COLOR – MALE AND FEMALE – PLUMAGE: See “Blue” on page 24.

PAGE 75 – RHODE ISLAND REDS – SHAPE – MALE – EYES: Remove *round.*

PAGE 75 – RHODE ISLAND REDS – SHAPE – MALE – WATTLES: Medium size, uniform, free from folds or wrinkles.

PAGE 75 – RHODE ISLAND REDS – SHAPE – MALE – EAR-LOBES: Remove *medium in size.*

ENGLISH CLASS

PAGE 102 - AUSTRALORP MALE – LOWER THIGHS: Moderately long; SHANKS AND TOES: Moderately long.

PAGE 103 - AUSTRALORPS – COLOR – MALE AND FEMALE – SHANKS AND TOES: Black in young, shading to dark slate in mature specimens; bottoms of feet and toes, pinkish white.

PAGE 103 - CORNISH – INTRODUCTION TO SECOND PARAGRAPH: White Cornish were produced from White Malay-Dark Cornish crosses in 1890 and were admitted to the Standard in 1898.

PAGE 107 - WHITE LACED RED CORNISH – COLOR – MALE AND FEMALE – SECONDARIES: Upper web, white; lower web, rich dark red edged with white, the red and white extending around the ends into the upper webs in a progressive manner so that the upper secondaries also show rich dark red on the surface with a white lacing.

PAGE 107 - DORKINGS INTRODUCTION: The name “Columella” is misspelled twice.

PAGE 107 - DORKINGS – SHAPE – MALE – COMB – SINGLE: Rather large, straight and upright, evenly serrated with six well defined points, front and rear points shorter than the other four.

PAGE 107 - DORKINGS – SHAPE – MALE – ROSE: Square in the front, firm and even on the head, terminating in a well-defined spike extending horizontally well back of head; top, comparatively flat, covered in small rounded points.

PAGE 108 - DORKINGS – SHAPE – MALE – TAIL: All of the wording concerning MAIN SICKLES and LESSER SICKLES AND COVERTS should be deleted.

PAGE 108 - DORKINGS – SHAPE – FEMALE – COMB – SINGLE: Similar to that of the male but much smaller and falling over to one side.

PAGE 108 - DORKINGS – SHAPE – FEMALE – COMB – ROSE: Similar to that of male, except much smaller.

PAGE 108 - DORKINGS – SHAPE – FEMALE – HEAD: Medium in size.

PAGE 109 - DORKINGS – COLORED DORKINGS – COLOR – MALE – SADDLE: Straw with a wide black stripe extending down the middle of each feather.

DORKINGS – COLORED DORKINGS – COLOR – MALE – WINGS – SECONDARIES: Upper webs, black; lower webs, white.

PAGE 111 - DORKINGS – RED DORKINGS – COLOR – MALE – SECONDARIES: Upper webs, black; lower webs bay, shafts black.

PAGE 114 - ORPINGTONS – SHAPE – MALE – HACKLE: Abundant.

PAGE 114 - ORPINGTONS – SHAPE – FEMALE – TAIL – COVERTS: Abundant.

PAGE 115 - BLACK ORPINGTONS – COLOR – MALE AND FEMALE – SHANKS AND TOES: Black in young, shading to dark slate in mature specimens; bottoms of feet and toes, pinkish white.

PAGE 118 - REDCAPS – SHAPE – FEMALE – SHANKS: Medium length.

PAGE 118 - REDCAPS – COLOR – MALE – SICKLES AND COVERS: Greenish black.

PAGE 118 - REDCAPS – COLOR – FEMALE – BACK AND BOWS: Rich brown each feather ending with a bluish black spangle, shaped like a half-moon.

PAGE 119 - SUSSEX – SHAPE – FEMALE – WINGS: Medium in length, well-folded, carried closely to the body without drooping.

PAGE 120 - LIGHT SUSSEX – COLOR – MALE – FRONT OF NECK: “White” should be removed.

PAGE 121 - LIGHT SUSSEX – COLOR – FEMALE – BACK – CAPE: White.

PAGE 122 - SPECKLED SUSSEX – COLOR – MALE – NECK – FRONT OF NECK: “Same as breast” should be removed.

PAGE 123 - SPECKLED SUSSEX – COLOR – FEMALE – BACK: See Figure 48 on page 39.

MEDITERRANEAN CLASS

PAGE 124 - ADMITTED TO THE STANDARD: Single Comb Black Tailed Red Leghorns – 1929, Single Comb Columbian Leghorns – 1929, Single Comb Light and Dark Brown Leghorns – 1874 (Admitted as Single Comb Brown Leghorns, divided into Light and Dark in 1923), Single Comb Silver Leghorns – Admitted in 1894 as Silver Duckwing Leghorns; changed to Silver only in 1910.

CONTINENTAL CLASS

PAGE 172 - BLACK COPPER MARANS – MALE – SHANKS AND TOES: Light to mid-slate, showing pink between the scales. Bottoms of feet pinkish white.

ANY OTHER STANDARD BREED CLASS

PAGE 186 - AMERAUCANAS – SHAPE – MALE – EAR-LOBES: Change to: *Small, oval*.

PAGE 186 – AMERAUCANAS – SHAPE – MALE – BACK: Medium length, broad, carried slightly elevated at shoulders.

PAGE 186 – AMERAUCANAS – SHAPE – MALE – SADDLE: Medium length, abundant, with smooth transition to angle of tail.

PAGE 187 – AMERAUCANAS – SHAPE – FEMALE – EAR-LOBES: Change to: *Small, oval, pale*.

PAGE 187 – AMERAUCANAS – SHAPE – MALE – BODY AND FLUFF: Change section to *BODY AND STERN: BODY – Body of medium length. and STERN – well-tucked up*.

PAGE 187 - AMERAUCANAS – SHAPE – FEMALE – BACK: Medium length, relatively broad, slightly elevated at shoulders.

PAGE 187 – AMERAUCANAS – SHAPE – FEMALE – CUSHION: Moderate, providing smooth transition to tail.

PAGE 187 - AMERAUCANAS – SHAPE – FEMALE – BODY AND FLUFF: Change section name to *BODY AND STERN: BODY – full but trim and STERN – fluff well tucked up*.

PAGE 187 - AMERAUCANAS – SHAPE – MALE AND FEMALE – LEGS AND TOES – TOES: Four on each foot, straight, well-spread.

PAGE 188 - BLUE WHEATEN AMERAUCANAS – COLOR – MALE – TAIL – SICKLES AND COVERTS: Blue, some orange shafting in sickles.

PAGE 188 – BLUE WHEATON AMERAUCANAS – COLOR – MALE – UNDERCOLOR OF ALL SECTIONS: Change to: *Light slate*.

PAGE 188 - BLUE WHEATEN AMERAUCANAS – COLOR – FEMALE – TAIL: Light blue, outer web edged with wheaten, top two feathers stippled with wheaten.

PAGE 190 – SELF BLUE AMERAUCANAS – PLUMAGE: Add: Indistinct barring is a defect.

PAGE 191 – ARAUCANAS – INTRODUCTORY MATERIAL – SECOND PARAGRAPH – THIRD SENTENCE: Replace *White* with *While*.

PAGE 191 – ARAUCANAS – DISQUALIFICATIONS: Replace entire section with: *Lack of ear-tufts; comb other than pea; presence of stubs or feathers on shanks; more or less than four toes. (See also "Disqualifications" on page 22 and "Cutting For Defects" on page 19.)*

PAGE 192 – BLACK BREASTED RED ARAUCANS – DISQUALIFICATONS: Replace with: *Positive white showing on surface of plumage. (See also ARAUCANAS – DISQUALIFICATONS on page 191.)*

PAGE 193 – ASEELS – DISQUALIFICATONS: Remove on page 42.

PAGE 196 – WHEATEN ASEELS – COLOR – MALE – BEAK: Change to: *Yellow to horn, yellow preferred*.

PAGE 196 – WHEATEN ASEELS – COLOR – MALE – HEAD: Add , *free from brown or black on feathers*.

PAGE 196 – WHEATEN ASEELS – COLOR – MALE – NECK – HACKLE: Add , *free from brown or black on feathers*.

PAGE 196 – WHEATEN ASEELS – COLOR – MALE – SADDLE: Add , *free from brown or black on feathers*.

PAGE 196 – WHEATEN ASEELS – COLOR – MALE – COVERTS: Replace *Lustrous* with *Glossy*.

PAGE 196 – WHEATEN ASEELS – COLOR – MALE – BREAST: Replace *Lustrous* with *Glossy*.

PAGE 196 – WHEATEN ASEELS – COLOR – MALE – BODY: Remove *Lustrous*.

PAGE 196 – WHEATEN ASEELS – COLOR – MALE – FLUFF: Remove entire section.

PAGE 196 – WHEATEN ASEELS – COLOR – MALE – LOWER THIGHS: Remove *Lustrous*.

PAGE 196 – WHEATEN ASEELS – COLOR – MALE – SHANKS AND TOES: Replace with: *Yellow to horn, yellow preferred*.

PAGE 204 – MODERN GAMES – SHAPE – MALE: Insert section before note saying: *SIZE: Exceptionally large birds are undesirable*.

PAGE 210 – BLACK NAKED NECKS – SHANKS AND TOES: Remove *bottoms of feet yellow*.

PAGE 212 – OLD ENGLISH GAMES – SHAPE – FEMALE – COMB: Replace *fine* with *five*.

PAE 214 – OLD ENGLISH GAMES – BLUE BREASTED RED OLD ENGLISH GAMES – COLOR – MALE – FRONT OF NECK: Replace entire section with *blue*.

PAGE 214 – OLD ENGLISH GAMES – BLUE BREASTED RED OLD ENGLISH GAMES – COLOR – MALE – SADDLE: Remove *Lustrous*.

PAGE 214 – OLD ENGLISH GAME – BLUE BREASTED RED OLD ENGLISH GAMES – COLOR – MALE – TAIL: Replace entire section with *blue*.

PAGE 214 – OLD ENGLISH GAME – BLUE BREASTED RED OLD ENGLISH GAMES – COLOR – MALE – WINGS – FRONTS: Replace entire section with *blue*.

PAGE 214 – OLD ENGLISH GAME – BLUE BREASTED RED OLD ENGLSH GAMES – COLOR – MALE – BREAST: Replace entire section with *blue*.

PAGE 214 – OLD ENGLISH GAME – BLUE BREASTED RED OLD ENGLISH GAMES – COLOR – MALE – BODY AND FLUFF: Remove entire section and replace with *BODY AND STERN: Blue*.

PAGE 214 – OLD ENGLISH GAMES – BLUE BREASTED RED OLD ENGLISH GAMES – COLOR – MALE – LOWER THIGHS: Replace entire section with *blue*.

PAGE 214 – OLD ENGLISH GAMES – BLUE BREASTED RED OLD ENGLISH GAMES – COLOR – MALE – UNDERCOLOR ALL SECTIONS: Remove entire section.

PAGE 214 – OLD ENGLISH GAMES – BLUE BREASTED RED OLD ENGLISH GAMES – COLOR – FEMALE – BACK: Remove *shading to bluish slate* at the end of the section.

PAGE 214 – OLD ENGLISH GAMES – BLUE BREASTED RED OLD ENGLISH GAMES – COLOR – FEMALE – BODY AND FLUFF: Remove entire section and replace with *BODY AND STERN: Light blue, except at sides, where surface color blends into that of wings and bays.*

PAGE 225 – BLACK BREASTED RED PHOENIX – WINGS – PRIMARIES: Black, except lower edges of lower webs, which should be a dark reddish orange. SECONDARIES: Exposed surface showing enough dark reddish orange to make a dark reddish orange wing bay, the dark reddish orange expanding in upper feathers until the top secondary shows entirely dark reddish orange; remainder of secondaries, black.

PAGE 234 – YOKOHAMAS – DISQUALIFICATIONS: Add *Shanks other than yellow.* and replace *furnishings* with *feathering*.

PAGE 235 – YOKOHAMAS – RED SHOULDERED YOKOHAMAS – DISQUALIFICATIONS: Replace entire section with *Male – Any color other than red with white; white breast; color in hackle, saddle or any part of tail.* and *Female – Any color other than red with white; absence of reddish color on breast and wing bows; color in hackle or tail.* (See also “DISQUALIFICATIONS – YOKOHAMAS” on page 234.

PAGE 236 – YOKOHAMAS – WHITE YOKOHAMAS – COLOR – MALE AND FEMALE- COMB, FACE, WATTLES, AND EAR-LOBES: Replace *White* with *Bright red*.

MODERN GAME BANTAMS

PAGES 238-239 – MODERN GAME BANTAMS – BLUE BREASTED RED MODERN GAME BANTAMS: Remove all sections for color of both males and females. Replace with: *COLOR – MALE AND FEMALE*

COMB, FACE, WATTLES AND EAR-LOBES: Red.

BEAK: Dark horn straked with black.

EYES: Red.

SHANKS AND TOES: Bluish Slate.

PLUMAGE: See descriptions of Blue Red Old English Game Bantams on pages 214-215.

OLD ENGLISH GAME BANTAMS

PAGE 256 - SPANGLED OLD ENGLISH GAME BANTAMS: (Spelling correction.)

SINGLE COMB LEAN LEGGED BANTAM CLASS

PAGE 258 – BREED – ADMITTED TO STANDARD – VARIETIES – LEGHORN: Change *SINGLE COMB GOLDEN* to *SINGLE COMB GOLDEN DUCKWING*.

PAGE 264 – BLACK DUTCH BANTAMS – COLOR – MALE AND FEMALE – EAR-LOBES: Change *Enamel* to *Pure*.

PAGE 270 – JAPANESE BANTAMS – SHAPE – MALE – LESSER SICKLES AND COVERTS: Remove *Abundant*.

PAGE 271 – BLACK TAILED BUFF JAPANESE BANTAMS – COLOR – MALE – FRONTS, BOWS AND COVERTS: Add , *with some luster*.

ROSE COMB CLEAN LEGGED BANTAM CLASS

PAGE 294 – ANCONAS – DISQUALIFICATIONS: Replace with *Shape and color disqualifications the same as the large Rose Comb Anconas on page 124. (see General Disqualifications and Cutting for Defects.)*

PAGE 294 – BELGIAN D’ANVERS BANTAMS – SHAPE – MALE – COMB: Remove *medium in size.*

PAGE 294 – BELGIAN D’ANVERS BANTAMS – SHAPE – MALE – FACE: Change *concealed* to *covered.*

PAGE 294 – BELGIAN D’ANVERS BANTAMS – SHAPE – MALE – NECK: Change to *Thick, well arched, full feathered flowing well over shoulders.*

PAGE 294 – BELGIAN D’ANVERS BANTAMS – SHAPE – MALE – HACKLE: Remove entire section.

PAGES 294-295 – BELGIAN D’ANVERS BANTAMS – SHAPE – MALE – TAIL: Replace with *Well spread, medium length sickles very slightly curved, carried at an angle of seventy-five degrees (75°) above the horizontal.* Remove sections *MAIN TAIL, MAIN SICKLES, AND LESSER SICKLES AND COVERTS.*

PAGE 295 – BELGIAN D’ANVERS BANTAMS – SHAPE – MALE – WINGS – PRIMARIES AND SECONDARIES: Remove entire section.

PAGE 295 – BELGIAN D’ANVERS BANTAMS – SHAPE – MALE – TOES: Replace with *Short, strong, four in number on each foot.*

PAGE 295 – BELGIAN D’ANVERS BANTAMS – SHAPE – FEMALE – COMB: Replace with *Rose, same as male, smaller in size.*

PAGE 295 – BELGIAN D’ANVERS BANAMS – SHAPE – FEMALE – FACE: Change *concealed* to *covered.*

PAGE 295 – BELGIAN D’ANVERS BANTAMS – SHAPE – FEMALE – NECK: Change to *Thick, well arched, full feathered flowing well over shoulders.*

PAGE 295 – BELGIAN D’ANVERS BANTAMS – SHAPE – FEMALE – MAIN TAIL: Remove entire section.

PAGE 294 – BELGIAN D’ANVERS BANTAMS – SHAPE – FEMALE – HACKLE: Remove entire section.

PAGE 295 – BELGIAN D’ANVERS BANTAMS – SHAPE – MALE – WINGS – PRIMARIES AND SECONDARIES: Remove entire section.

PAGE 295 – BELGIAN D’ANVERS BANTAMS – SHAPE – MALE – TOES: Replace with *Short, strong, four in number on each foot.*

PAGE 295 – BLACK BELGIAN D’ANVERS BANTAMS – DISQUALIFICATIONS: Remove *in any part of the surface.*

PAGE 296 – BLUE BELGIAN D’AVERS BANTAMS – DISQUALIFICATIONS: Replace with *Red, yellow, or positive white in any part of plumage.*

PAGE 296 – CUCKOO BELGIAN D’ANVERSS BANTAMS – DISQUALIFICATIONS: Replace with *Red or yellow in plumage.*

PAGE 296 – CUCKOO BELGIAN D’ANVERS BANTAMS – COLOR – MALE AND FEMALE – PLUMAGE: Replace with *Feathers in all sections crossed throughout their entire length by irregular dark and light slate bars that stop short of positive black and white; tip of each feather dark; free from shafting, , brownish tinge or metallic sheen; excellence to be determined by distinct contrasts. The male may be one or two shades lighter than the female.*

PAGE 296 – MILLE FLEUR BELGIAN D’ANVERS BANTAMS: Remove all sections except as noted below and add *COLOR – MALE AND FEMALE – Same as present Mille Fleur Belgian D’Uccle Bantams description on pages 335-336 except description of shanks and toe color.*

SHANKS AND TOES: Slaty blue stays the same.

PAGE 298 – QUAIL BELGIAN D'ANVERS BANTAMS – COLOR – MALE: After MAIN TAIL insert section for *SICKLES AND LESSER SICKLES* – *brilliant black* and change *SICKLES AND COVERTS* to just *COVERTS*.

PAGE 298 – QUAIL BELGIAN D'ANVERS – COLOR – MALE – BODY AND FLUFF: Change section to *BODY AND STERN*.

PAGE 298 – QUAIL BELGIAN D'ANVERS – COLOR – FEMALE: After BACK insert section *CUSHION: Chocolate black laced with deep golden bay, bright straw shafting.*

PAGE 298 – QUAIL BELGIAN D'ANVERS – COLOR – FEMALE – COVERTS: Replace *back* with *cushion*.

PAGE 298 – QUAIL BELGIAN D'ANVERS – COLOR – FEMALE – BODY AND FLUFF: Change *FLUFF* to *STERN*.

PAGE 298 – SELF BLUE BELGIAN D'ANVERS BANTAMS PLUMAGE: Replace entire section with *In all sections preference to be given to a medium shade of clear blue, free from lacing, shiftiness, mealiness and mossiness, with o contrast in color between any of the sections, a harmonious blending of all sections being desired, the male sex feathers of hackle, back, saddle, and wing-bows carrying a metallic gloss of the same basic hue as the general plumage and fee from green, purple, or bronze sheen.*

PAGE 299 – WHITE DORKING BANTAMS: Insert section for *DISQUALIFICATIONS* – *Shape and color disqualifications the same as for large White Dorkings*

PAGE 299 – HAMBURG BANTAMS – *DISQUALIFICATIONS*: Replace with: *Red in ear-lobe covering more than one-third of surface, shanks other than leaden blue. Special Hamburg variety disqualifications the same as for corresponding varieties of large Hamburgs. (See General Disqualifications and Cutting for Defects.)*

PAGE 302 – LEGHORN BANTAMS – *DISQUALIFICATIONS*: Replace with: *Shape and color disqualifications are the same as for the corresponding variety of large Leghorns. (See General and Leghorn Disqualifications and Cutting for Defects.)*

PAGE 303 – MINORCA BANTAMS – *DISQUALIFICATIONS*: Replace with: *Shape and color disqualifications are the same as for the corresponding variety of large Minorcas (See General and Leghorn Disqualifications and Cutting for Defects.)*

PAGE 303 – MINORCA BANTAMS – *STANDARD WEIGHTS*: Correct to *Cock-28 oz., Hen-24 oz., Cockerel-24 oz., Pullet-20 oz.*

PAGE 304 – REDCAP BANTAMS – *DISQUALIFICATIONS*: Replace with *Shape and color disqualifications the same as for large Redcaps (See General Disqualifications and Cutting for Defects.)*

PAGE 305 – ROSECOMB BANTAMS – *SHAPE – MALE – COMB*: Remove *medium in size*.

PAGE 305- ROSECOMB BANTAMS – *SHAPE – MALE – WATTLES*: Replace *Medium in size* with *Broad*.

PAGE 305 – ROSECOMB BANTAMS – *SHAPE – MALE – NECK*: Remove *Short*.

PAGE 305 – ROSECOMB BANTAMS – *SHAPE – MALE – LESSER SICKLES AND COVERTS*: Change to: *COVERTS – broad, abundant*.

PAGE 305 – ROSECOMB BANTAMS – *SHAPE – MALE – PRIMARIES AND SECONDARIES*: Remove *PRIMARIES AND* and change description to: *slightly expanded*.

PAGE 305 – ROSECOMB BANTAMS – *SHAPE – MALE – SHANKS*: Add *smooth*.

PAGE 305 – ROSECOMB BANTAMS – *SHAPE – FEMALE – COMB*: Change to: *Rose, similar to that of male, but smaller.*

PAGE 305 – ROSECOMB BANTAMS – *SHAPE – FEMALE – HEAD*: Remove *caried well back*.

PAGE 305 – ROSECOMB BANTAMS – *SHAPE – FEMALE – BACK*: Change to: *Short, comparatively broad at shoulders.*

PAGE 305 – ROSECOMB BANTAMS – *SHAPE – FEMALE – PRIMARIES AND SECONDARIES*: Remove entire section.

PAGE 306 – ROSECOMB BANTAMS – SHAPE – FEMALE – SHANKS: Add *smooth*.

PAGE 306 – BLACK ROSECOMB BANTAMS – DISQUALIFICATIONS: Change to: *More than one-half inch of positive white in any part of plumage, or two or more feathers tipped or edged with positive white shanks other than black or dark leaden blue (See also "Disqualifications – Rosecomb Bantams on page 305.)*.

PAGE 306 – BLACK ROSECOMB BANTAMS – COLOR – MALE AND FEMALE – EAR-LOBES: Remove *Enamel*.

PAGE 306 – BLACK ROSECOMB BANTAMS – COLOR – MALE AND FEMALE – SHANKS AND TOES: Remove *toe nails black*.

PAGE 306 – BLACK BREASTED RED ROSECOMB BANTAMS – COLOR – MALE AND FEMALE – EAR-LOBES: Remove *Enamel*.

PAGE 306 – BLUE ROSECOMB BANTAMS – COLOR – MALE AND FEMALE – EAR-LOBES: Remove *Enamel*.

PAGE 307 – WHITE ROSECOMB BANTAMS: Add section for *DISQUALIFICATIONS – Shanks other than white or pinkish white. (See General Disqualifications and Cutting for Defects.)*

PAGE 307 – WHITE ROSECOMB BANTAMS – COLOR – MALE AND FEMALE – EAR-LOBES: Remove *Enamel*.

PAGE 307 – SEBRIGHT BANTAMS – SHAPE – MALE – COMB: Remove *medium size* and add *straight* before spike.

PAGE 307 – SEBRIGHT BANTAMS – SHAPE – MALE – WATTLE: Remove *Medium size*.

PAGE 307 – SEBRIGHT BANTAMS – SHAPE – MALE – EAR-LOBES: Remove *Medium size*.

PAGE 307 – SEBRIGHT BANTAMS – SHAPE – MALE – BACK: Change to: *Very short, feathers broad and well-rounded; free from long pointed hackle feathers*.

PAGE 308 – SEBRIGHT BANTAMS – SHAPE – MALE – LEGS AND TOES: Change to: *Legs set well apart, straight when viewed from front*.

PAGE 308 – SEBRIGHT BANTAMS – SHAPE – FEMALE – COMB: Change to: *Rose, similar to that of male, but very small*.

PAGE 308 – SEBRIGHT BANTAMS – SHAPE – FEMALE – HEAD: Change to: *Broad, well rounded*.

PAGE 308 – SEBRIGHT BANTAMS – SHAPE – FEMALE – NECK: Remove *carried very far back*.

PAGE 308 – SEBRIGHT BANTAMS – SHAPE – FEMALE – BACK: Change to: *short, tapering to tail, feathers broad and well rounded*.

PAGE 308 – SEBRIGHT BANTAMS – SHAPE – FEMALE – LEGS AND TOES: Change to: *Legs set well apart and straight when viewed from front*.

PAGE 309 – GOLDEN SEBRIGHT BANTAMS – COLOR – MALE AND FEMALE – EAR-LOBES: Change *permitted to acceptable*.

PAGE 309 – SILVER SEBRIGHT BANTAMS – COLOR – MALE AND FEMALE – EAR-LOBES: Change *permitted to acceptable*.

PAGE 310 – BUFF COLUMBIAN WYANDOTTE BANTAMS – DISQUALIFICATIONS: Add *lower* before saddle in second sentence.

ANY OTHER COMB CLEAN LEGGED BANTAM CLASS

PAGE 314 – BEARDED BUFF LACED POLISH BANTAMS WERE ADMITTED TO THE STANDARD IN 1898.

PAGE 324 – KO SHAMO – SHAPE – MALE – STATION: Add *(Add 10 points for station.)*

FEATHER LEGGED BANTAM CLASS

PAGE 355 – SULTAN BANTAMS: The reference for Disqualifications & Shape and Color are the same as for "Sultans" on page 231.

HEAVY GOOSE CLASS

PAGE 414 – AFRICAN GEESE – BROWN ADMITTED IN 1874.

PAGE 414 – AFRICAN GEESE – COMMON DEFECTS: Remove entire section.

PAGE 418 – EMBDEN GEESE – DISQUALIFICATIONS: Remove *feet and shanks any color other than orange*.

PAGE 418 – EMBDEN GEESE – COMMON DEFECTS: Remove entire section.

PAGE 418 – TOULOUSE GEESE – COMMON DEFECTS: Remove entire section.

PAGE 419 – BUFF TOULOUSE GEESE – DISQUALIFICATIONS: Remove *solid white feathers in primaries or secondaries*.

PAGE 419 – BUFF TOULOUSE GEESE – COMMON DEFECTS: Remove entire section.

PAGE 420 – GRAY TOULOUSE GEESE – COMMON DEFECTS: Remove entire section.

PAGE 420 – GRAY TOULOUSE GEESE – COLOR – GANDER AND GOOSE – LOWER THIGHS:
Change *buff* to *gray*.

MEDIUM GOOSE CLASS

PAGE 421 – AMERICAN BUFF GEESE – DISQUALIFICATIONS: Remove *one or more solid white feathers in primaries or secondaries, feet and shanks any color other than orange*.

PAGE 422 – AMERICAN BUFF GEESE – COMMON DEFECTS: Remove entire section.

PAGE 422 – PILGRIM GEESE – DISQUALIFICATIONS: Remove *feet and shanks any color other than orange, one or more solid white primaries in primaries or secondaries of females; one or more solid black primaries or secondaries of males*.

PAGE 422 – PILGRIM GEESE – COMMON DEFECTS: Remove entire section.

PAGE 422 – PILGRIM GEESE – STANDARD WEIGHTS: Change Old Goose weight to *13 lbs*.

PAGE 423 – POMERANIAN GEESE – COMMON DEFECTS: Remove entire section.

PAGE 425 – SEBASTOPOL GEESE – COMMON DEFECTS: Replace with: *Straight flights are considered a defect. Some wing feathers protruding obviously from the body plumage permitted but not preferred. Absence of curled feathers on the underbelly and back under the folded wings is a defect.*

PAGE 426 – STEINBACHER GEESE – COMMON DEFECTS: Replace section with: *Any deviation from breed type in form, station, or carriage; presence of knob or dewlap, long, flat, or concave beak; undeveloped or broken black-lined bite; discolored bean; atypical neck; wry or dual lobed paunch; any deviations from described feather color; read leg color; white toe nail.* (Previous edition labels this section *SEVERE CUTTING DEFECTS*.)

LIGHT GOOSE CLASS

PAGE 428 – ADMITTED TO STANDARD – CHINESE GEESE – WHITE: Change to 1874.

PAGE 428 – CANADA GEESE – DISQUALIFICATIONS: Change to: *Clipped flights or pinioned wing to prevent flying shall not handicap the specimen. (See also "Disqualifications" on page 22 and "Cutting for Defects" on page 19.)*

PAGE 428 – CANADA GEESE – COMMON DEFECTS: Remove entire section.

PAGE 428 – CHINESE GEESE – COMMON DEFECTS – Remove entire section.

PAGE 430 – BROWN CHINESE GEESE – COMMON DEFECTS: Remove entire section.

PAGE 430 – WHITE CHINESE GEESE – COMMON DEFECTS: Remove entire section.

PAGE 431 – EGYPTIAN GEESE – DISQUALIFICATIONS: Change to: *Clipped flights or pinioned wing to prevent flying shall not handicap the specimen. (See "Disqualifications" on page 22 and "Cutting For Defects" on page 19.)*

PAGE 431 – EGYPTIAN GEESE – COMMON DEFECTS: Remove entire section.

PAGE 432 – TUFTED ROMAN GEESE – DISQUALIFICATIONS: Change to: *Absence of tuft. Feathers other than pure white in any part of plumage except young specimens which show*

traces of gray in body plumage. Distinctly yellow bills and feet, black in the beak of either sex. (See "Disqualifications" on page 22 and "Cutting For Defects" on page 19.)

PAGE 432 – TUFTED ROMAN GEESE – COMMON DEFECTS: Remove entire section.

TURKEYS

PAGE 356 – Add to the end of the 1st paragraph ...*United States, with the possible exception of the White Holland. The Bronze is the largest and heaviest variety.*

PAGE 357 – TAIL – Coverts broad *and abundant* extending well onto tail.

PAGE 357 – BREAST & KEEL – Add ...full fleshed, *throughout* its entire length.

PAGE 357 – BODY – Remove *slightly convex profile to sides.*

PAGE 358 – BELTSVILLE SMALL WHITE – THROAT – WATTLES: Change *bluish* to *pinkish*.

PAGE 358 – BLACK & BOURBON RED: Hen weights should be 18 pounds.

PAGE 360 – BRONZE: Under weights add: When two specimens are both over standard weight and equal in all other points, the one nearest standard weight shall win.

PAGE 360 – BRONZE – TAIL – MAIN TAIL AND COVERTS: Add ... the wider the better, *lustrous copper band...*

PAGE 361 – NARRAGANSETT: Hen weight should be 18 pounds.

PAGE 361 – TAIL – COVERTS AND LESSER COVERTS: Dull black, each feather regularly penciled with parallel lines of tan, having a wide band of metallic black, free from bronze cast, extending across it near the end, terminating in a wide edging of light steel-gray approaching white.

PAGE 362 – SECONDARIES: Change *tip* to *top* and add ... in secondaries *being* very objectionable.

PAGE 362 – ROYAL PALM – TAIL – MAIN TAIL: Band in tail should be 1 inch in width.

PAGE 363 – ROYAL PALM – COVERTS: Replace *across each feather* with *on end of each feather*.

PAGE 363 – ROYAL PALM – COLOR – FEMALE: Change *lass* to *less* and replace last sentence with: *The more edging in neck and upper shoulders of female, the better the specimen; all other points being equal.*

PAGE 363 – SLATE – DISQUALIFICATIONS: Replace *section* with *part*.

PAGE 364 – WHITE HOLLAND – THROAT-WATTLE: Replace *bluish* with *pinkish*.

HELMETED GUINEA FOWL

PAGE 365 – Replace *Daienira* with *Deianira*.

PAGE 365 – JUDGING GUINEA FOWL: Remove last sentence of second paragraph.

PAGE 366 – SHAPE – MALE – BACK: Remove *Long* and add: *When showing, the carriage of the Guinea Fowl is upright.*

PAGE 366 – SHAPE – MALE – BODY: Change to *Fairly* long, well rounded and solid; carriage, upright.

PAGE 366 – SHAPE – MALE - PRIMARIES AND SECONDARIES: Remove the entire section.

PAGE 366 – SHAPE – MALE - TAIL: Change to: *Relatively short, carried low.*

PAGE 366 – SHAPE – MALE - SHANKS: Add *Relatively* short, ...

PAGE 366 – SHAPE – MALE – FLUFF: Remove this section.

PAGE 366 – SHAPE – MALE – LOWER THIGHS: Remove *concealed by body plumage.*

PAGE 366 – LAVENDER – COLOR – MALE AND FEMALE: Remove all sections and replace with: The pattern is identical to that of the Pearl, the ground color of the plumage is light gray or lavender. Shanks and toes are light gray to orange. Indistinct barring and/or indistinct pearls in the wing feathers is a defect.

PAGE 367 – PEARL – COLOR – MALE AND FEMALE – INTRODUCTORY PARAGRAPH: Add: *Indistinct barring and/or indistinct pearls in the wings is a defect.*

PAGE 367 – COLOR – PEARL – BEAK: Add, *darker at the base.*

PAGE 368 – COLOR – PEARL: Remove section labeled NECK and replace with HACKLE : The hackle and front of the lower neck show fine, blue-gray feathers without pearls or bars. When seen in sunlight, these feathers show some iridescence.

PAGE 368 – COLOR – PEARL – FRONTS, BOWS AND COVERTS: Remove this section.

PAGE 368 – COLOR – PEARL – BREAST: Add good size, well *rounded* pearls throughout.

PAGE 368 – COLOR – WHITE: Remove all sections and replace with: Plumage is pure white throughout all sections on ideal specimens, in both male and female. Black hair feathers on the lower neck and hackle, however, are acceptable, but not preferred. Black flecking or a yellow cast to the plumage is a serious defect. Shanks and toes are orange; spotty shanks and toes are a defect. The eyes are light bay to brown.

HEAVY DUCKS

PAGE 374 - MUSCOVY DUCKS – COMMON DEFECTS: No “Common Defects” should be listed.

PAGE 375 – MUSCOVY DUCKS – BLACK MUSCOVY DUCKS – COLOR – DRAKE AND DUCK – BILL: Replace with *Pink, shaded with horn.*

PAGE 378 – MUSCOVY DUCKS – WHITE MUSCOVY DUCKS – DISQUALIFICATIONS: Replace with *Feathers other than pure white in any part of plumage, except dark markings commonly found on the head of young specimens (see also “Disqualifications – Muscovy Ducks” on page 374).*

PAGE 381 – SAXONY DUCKS – COLOR – DRAKE – BILL: Replace with *Yellow to greenish yellow (yellow preferred); dark bean in sexually mature birds not a point deduction.*

PAGE 381 – SAXONY DUCKS – COLOR – DRAKE – NECK: Add *(Note a break in the with ring at the cack of the neck is a common fault worth a 1 point deduction.*

PAGE 382 – SAXONY DUCKS – COLOR – DUCK – NECK: Add *(Note – white fully encircling the neck is a significant fault worth a 3 point deduction.)*

PAGE 378 - WHITE MUSCOVY DUCKS – DISQUALIFICATIONS: Feathers other than pure white in any part of the plumage, except dark markings commonly found on the head of the young specimens. (See General Disqualifications and Cutting for Defects.)

MEDIUM DUCKS

PAGE 385- BLUE SWEDISH DUCKS – DISQUALIFICATIONS: Remove *absence of white primary wing feathers on both wings.*

PAGE 388 – CRESTED DUCKS – SHAPE – DUCK AND DRAKE – BILL: Remove *neatly straight in outline when viewed from the side.*

LIGHT DUCKS

PAGE 398 – RUNNER DUCKS – PENCILLED RUNNER DUCKS – DISQUALIFICATIONS: Remove *Bills clear yellow, blue or lead colored;*

PAGE 398 – RUNNER DUCKS – PENCILLED RUNNER DUCKS – COLOR – DUCK – BILL: Replace with *Orangish yellow spotted with green when young, dull green when mature; bean, black.*

PAGE 399 – WELSH HARLEQUIN DUCKS – SHAPE – DUCK AND DRAKE – BODY: Change to *elevated twenty-five to thirty-five degrees (25° - 35°) above horizontal.*

PAGE 399- WELSH HARLEQUIN DUCKS – SHAPE – DUCK AND DRAKE – SHANKS: Replace with *Medium length and diameter; no preference given to birds with or without a line of small feathers on outside of shanks*
